

### 32-5753: Mouse Anti Human Interferon-beta (Clone:NYRhIFN-b.)

<b>Clonality :</b>	Monoclonal
<b>Clone Name :</b>	NYRhIFN-b.
<b>Format :</b>	Purified
<b>Alternative Name :</b>	Leukocyte interferon,B cell interferon,Type I interferon,IFNB1,IFB,IFF,IFNB,IFN-b 1a MGC96956.
<b>Isotype :</b>	Mouse IgG.
<b>Immunogen Information :</b>	r.Human IFN-b.

#### Description

Interferon-beta has antiviral, antibacterial and anticancer activities.

#### Product Info

<b>Amount :</b>	1 mg
<b>Purification :</b>	Protein-A.
<b>Content :</b>	1mg/ml in PBS (after reconstitution).
<b>Storage condition :</b>	In lyophilized form, for long periods, store at 4°C in a dry environment. After reconstitution, if not intended for use within a month, aliquot and store at -20°C.
